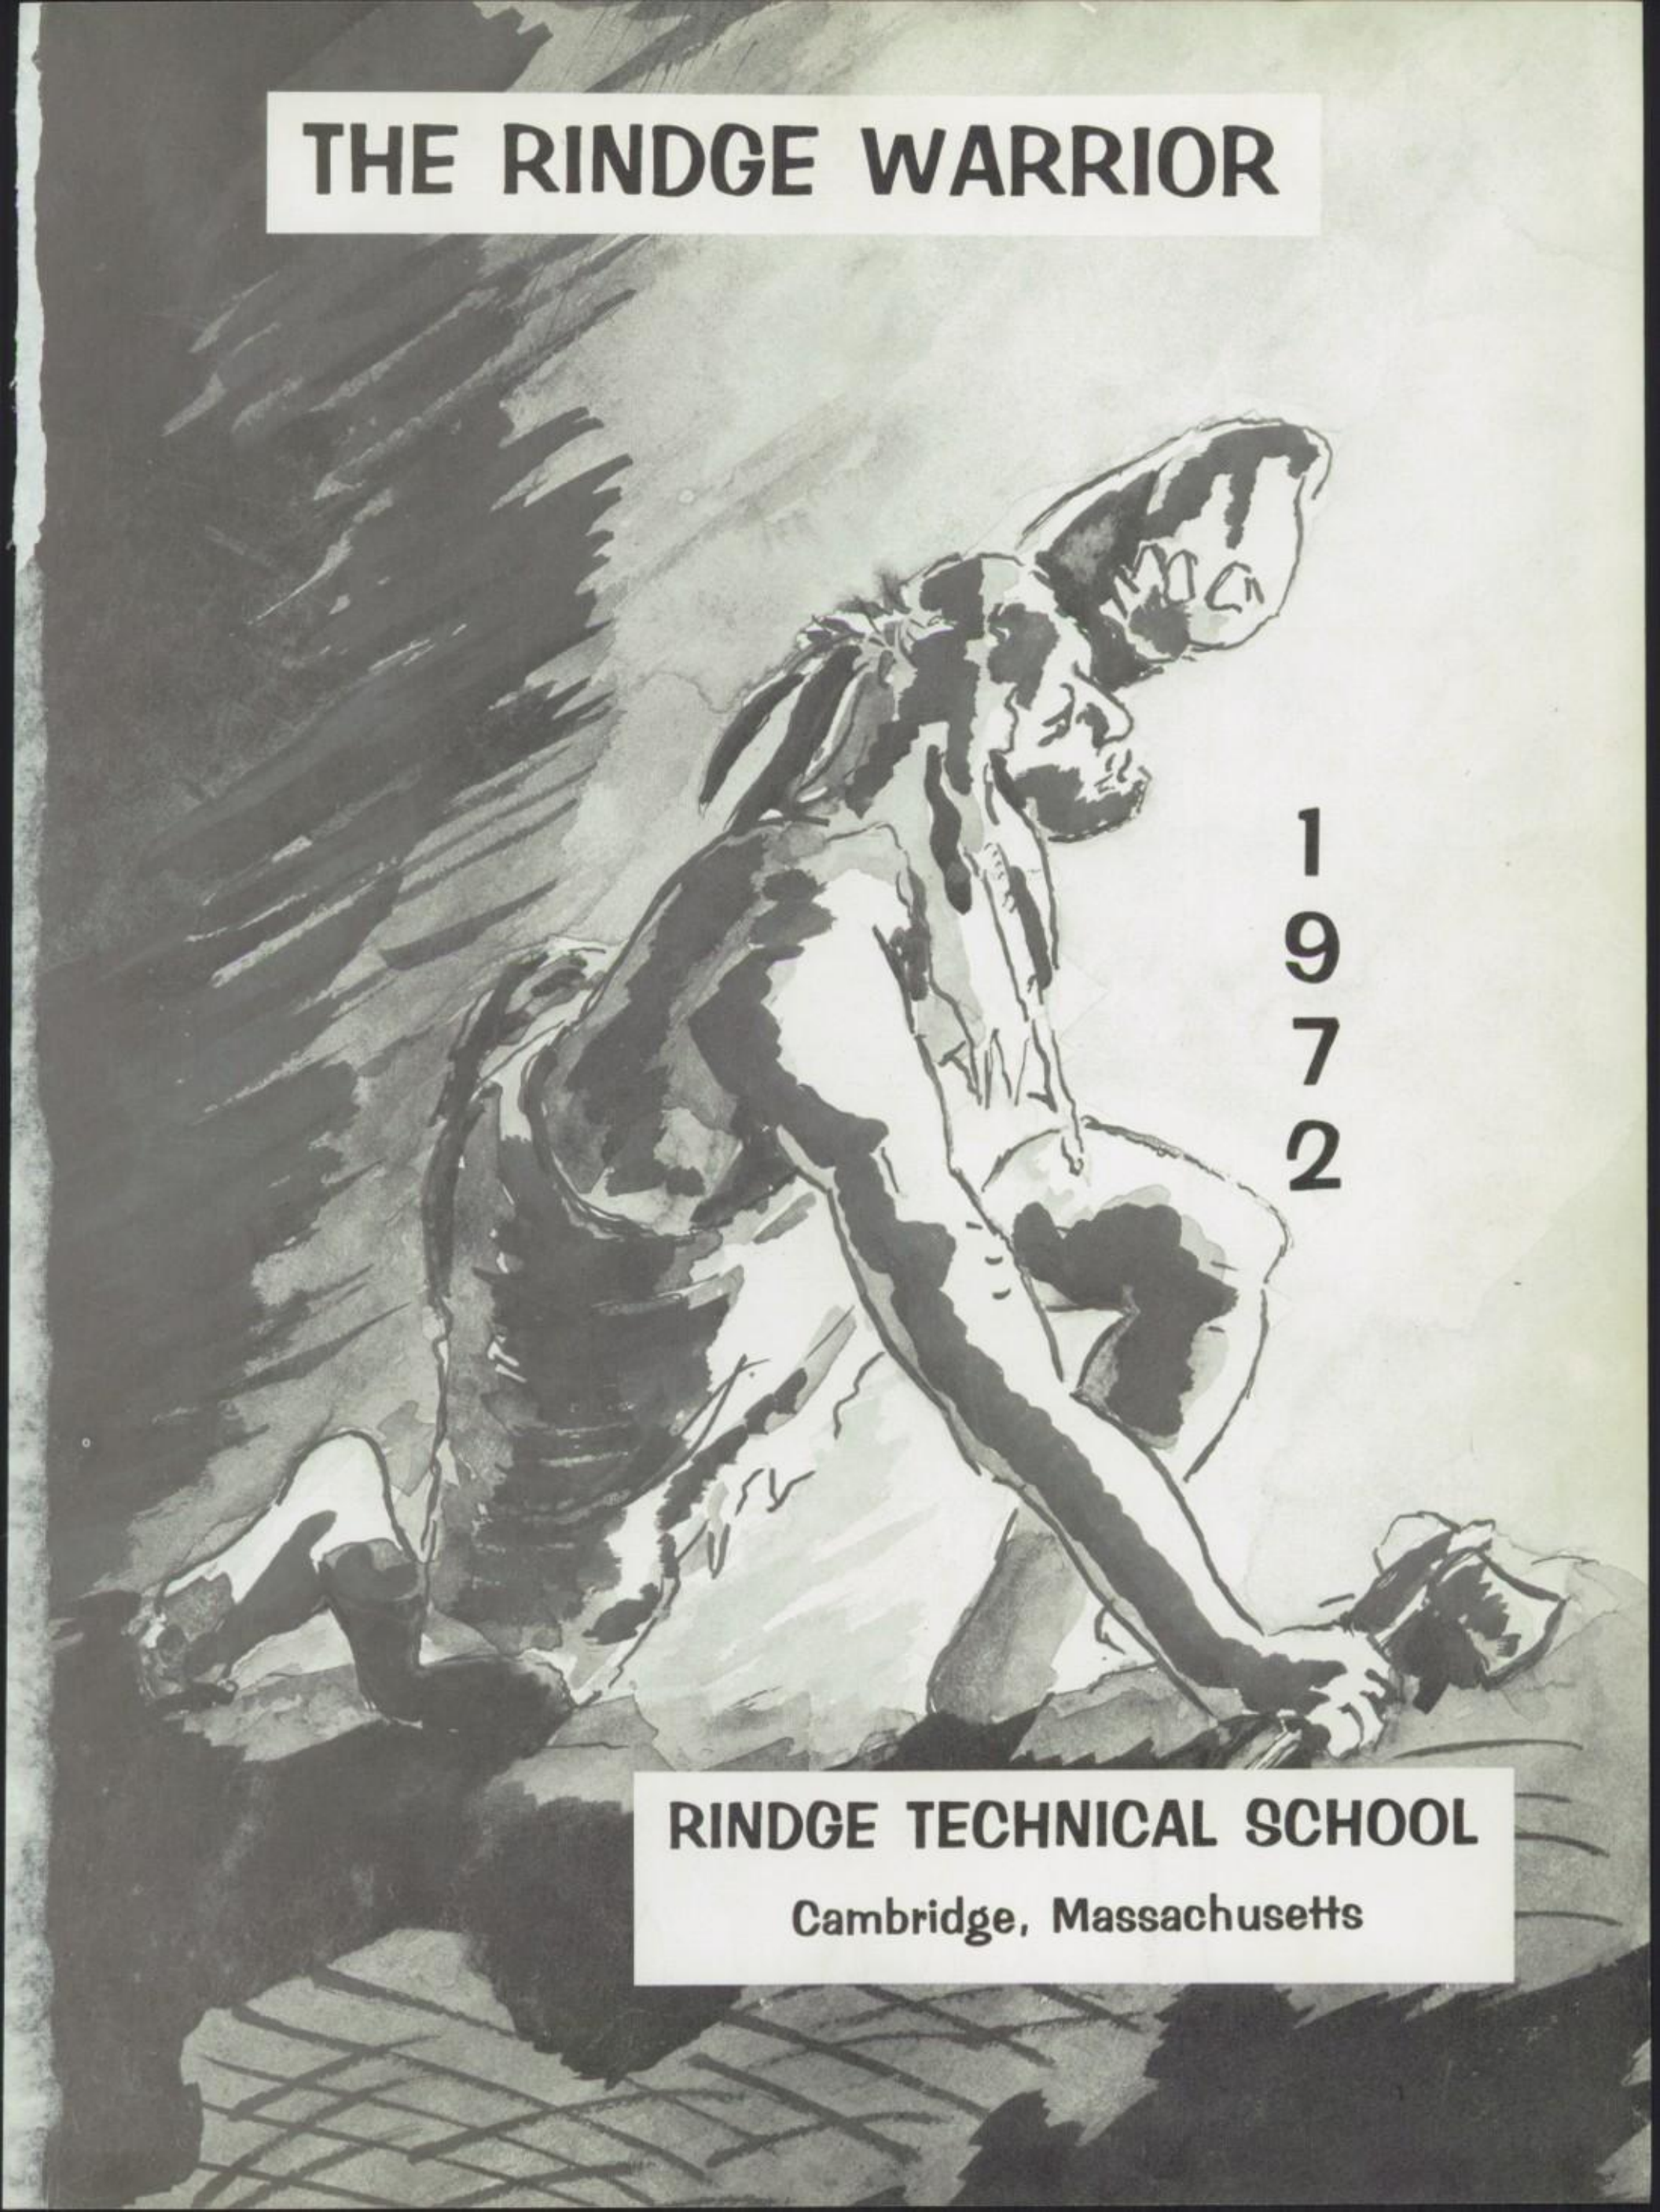
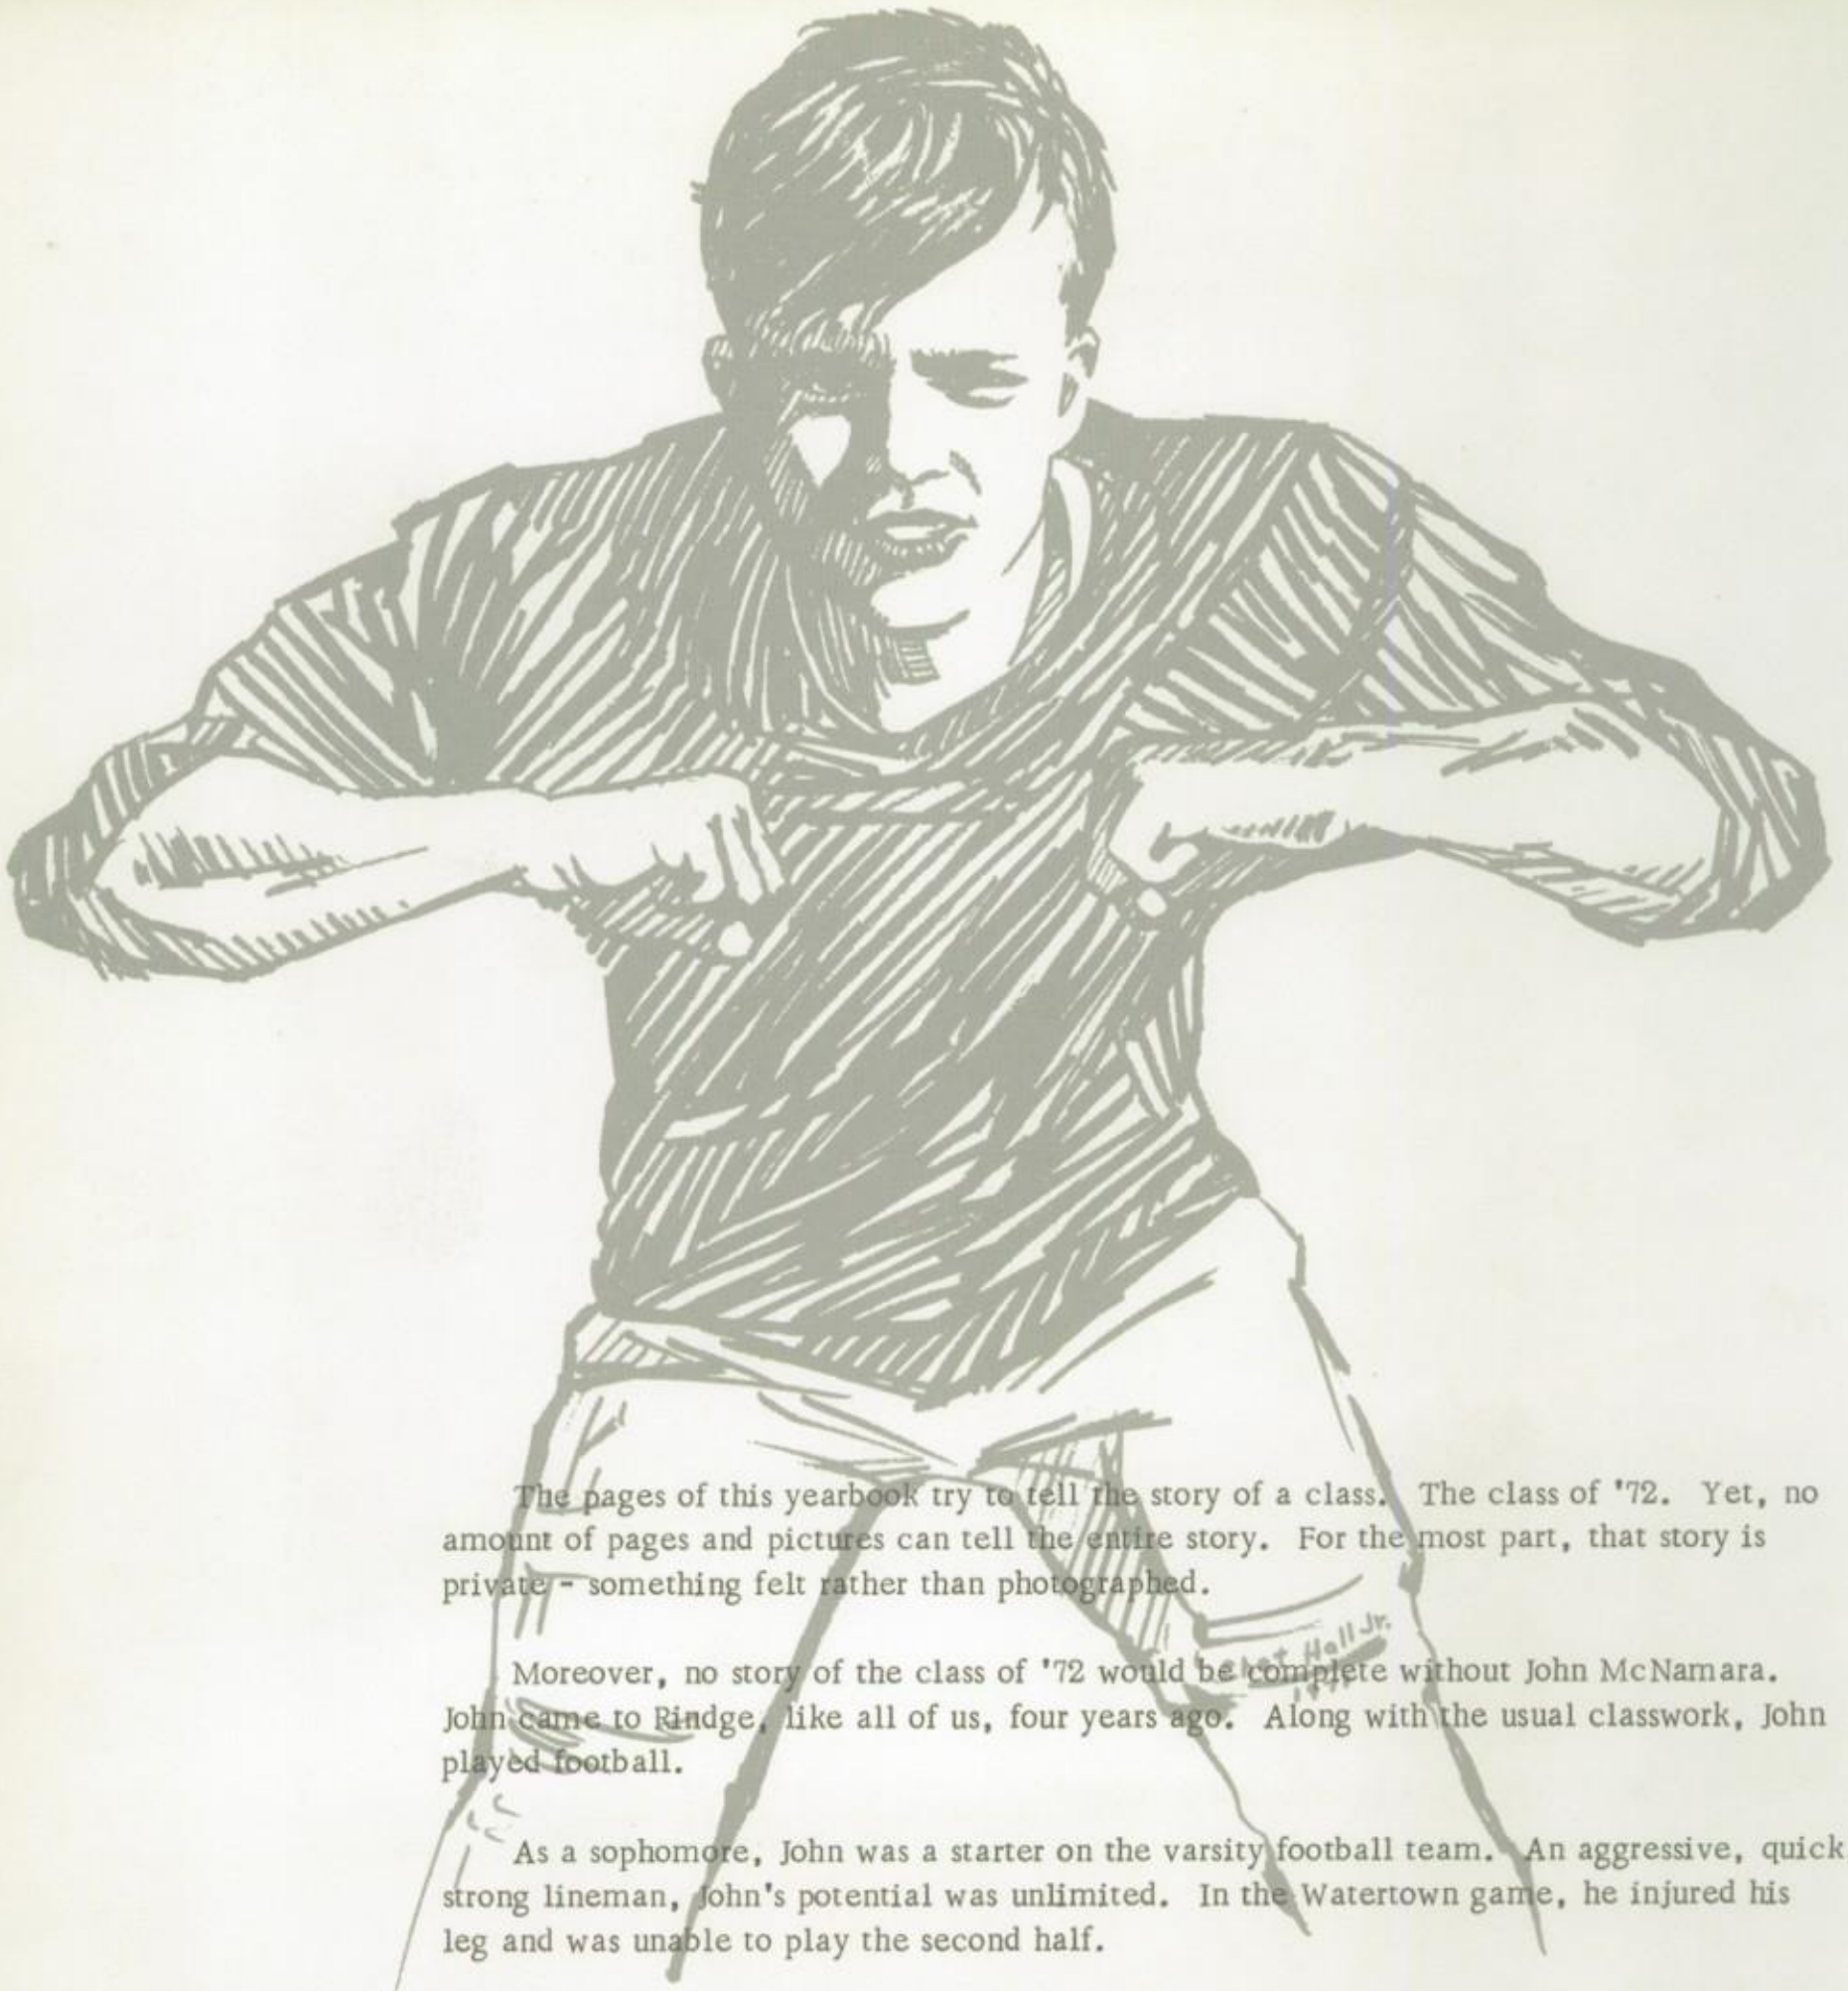
THE RINDGE WARRIOR



1972

RINDGE TECHNICAL SCHOOL

Cambridge, Massachusetts



The pages of this yearbook try to tell the story of a class. The class of '72. Yet, no amount of pages and pictures can tell the entire story. For the most part, that story is private - something felt rather than photographed.

Moreover, no story of the class of '72 would be complete without John McNamara. John came to Rindge, like all of us, four years ago. Along with the usual classwork, John played football.

As a sophomore, John was a starter on the varsity football team. An aggressive, quick, strong lineman, John's potential was unlimited. In the Watertown game, he injured his leg and was unable to play the second half.

Later while treating the leg injury, doctors discovered cancer. John met this crisis as he met any challenges before - head-on. He did not know how to quit.

The courage he displayed will be an example for each of us.

We, the Senior Class, respectfully dedicate the '72 WARRIOR to John.

Prologue

"The years after graduation will be the most important ones of our lives. We must set our goals carefully and then strive to attain them. In order to make our youthful dreams become reality, we must work. Our quest to fulfill these dreams will be difficult, but not impossible.

Maturity and flexibility are the primary elements which will determine our success or failure. The world is ever-changing, and, in order to succeed, we must have the maturity to face it without qualms and the flexibility to change with it. If we hesitate or become complacent our dreams will shatter and we will be heard vainly echoing regret that 'It might have been'."

"God pity them both; and pity us all
Who vainly the dreams of youth recall
For of all sad words of tongue or pen
The saddest of these: 'It might have been'."
